Santolan, Pasig City

### SUMMARY

Aspiring Cloud Engineer with practical experience in developing web applications within Agile/SCRUM environments. Equipped with foundational skills in Linux Administration, Git workflows, and cloud services such as AWS and Azure. Driven to learn automation, monitoring, and cloud reliability practices to support highly available systems.

### EXPERIENCE

#### STRONGLABS: A Web-Based Learning Platform for Career Preparedness of Metrobank Scholars

Role: Full-Stack Developer

12/2024 - 12/2025

A web-based learning platform designed to improve the career readiness of Metrobank STRONG scholars by providing personalized learning paths, curated resources, and engagement features.

- Developed core features using React, Next.js, Node.js, and MongoDB.
- Built and tested REST APIs to improve data flow and system performance.
- Implemented user authentication using Azure App Registration, enabling secure Microsoft account login for the platform.
- Used Postman, GitHub, and TypeScript for backend validation and team collaboration.
- Contributed to front-end responsiveness using Tailwind and Figma.

#### Anino sa Dalakit: Folklore-Based Horror Game

Role: Project Leader & Developer

03/2025 - 05/2025

A first-person 3D survival horror game inspired by Filipino mythology, designed with objective-based progression, immersive storytelling, and chase-based enemy mechanics.

- Led the development process, coordinating tasks and ensuring project completion.
- Built game system logic using C#, optimizing performance and fixing bugs.
- Integrated 3D assets and managed technical elements related to rendering and behavior.
- Applied problem-solving skills in debugging, optimization, and system stability.

#### TechLink. One Tap, Countless Solutions: Bringing Skilled Help Closer than Ever Before.

Role: Full Stack Developer

10/2025 - 11/2025

TechLink is a web-based platform that connects clients with certified local technicians, offering a secure, convenient, and transparent way to access reliable home and technical services.

- Built backend services and REST APIs using Node.js, supporting reliable data exchange.
- Developed front-end interfaces with React and Next.js, improving usability and performance.
- Utilized MongoDB for data handling and optimized API queries.
- Applied tools such as Postman, GitHub, and TypeScript to ensure smooth collaboration and code quality.

### EDUCATION

#### Bachelor of Science in Computer Science

STI College

Cainta, Rizal (2022 - present)

### WHY HIRE ME?

#### Strong Interest in Cloud Technologies

Highly motivated to pursue a career in cloud engineering, with foundational experience in AWS, Azure, Linux, and Git, and a strong willingness to continuously learn and apply modern cloud architectures and best practices.

#### Certified in Cloud Fundamentals

AWS Certified Cloud Practitioner, demonstrating validated knowledge of core cloud concepts, pricing models, security, and key AWS services.

#### Fast Learner With a Growth Mindset

Quick to adapt to new tools and technologies, with a strong willingness to learn, learn independently, take initiative, and perform effectively in fast-paced technical environments.

### TECHNICAL SKILLS

#### Programming Languages:

Javascript, Python, Java, C#, HTML, CSS

#### Frontend Technologies:

Next.js, Tailwind, React.js

#### Database Technologies

MySQL, MongoDB, MSDB Database

#### Tools and Platforms:

Visual Studio Code, Visual Studio, Git/Github, Postman, Node.js

#### Methodologies:

Agile (Scrum), MVC Architecture, SDLC

#### Cloud & Network Technologies:

AWS, Azure, Linux, Cisco Packet Tracer, Microsoft 365

#### Other Relevant Skills:

Collaboration and Team Facilitation, Communication Skills, Adaptability & Curiosity, Time Management, Attention to Detail, Debugging & Testing.

### CERTIFICATION AND RECOGNITION

Java Fundamentals - Oracle Academy

06/24/2023

Provided by Oracle Academy, covering essential Java syntax and programming foundations.

NC III Computer Programming (Java)

06/12/2024

Issued by TESDA, focusing on core Java programming skills, OOP and basic software development.

AWS Certified Cloud Practitioner

08/12/2024

Offered by Amazon Web Services, focusing on core cloud fundamentals and essential AWS services.
